### ***HP Naturally....***

**Sponsored by HP Girl Scout Troop 702**

Fall is a great time to get outside and enjoy HP Naturally. Take a walk at Highland Field, feel the chill in the air, watch the kids play soccer and sip a cup of hot chocolate from the hut. Not only are the trees beautiful while walking on the track, but you may be able to admire a red tailed hawk circling overhead and see the busy squirrels!

Did you ever wonder what happens to all the leaves in town? The town requires that you rake your leaves to the curb for the DPW to vacuum up. They are then dumped on the compost pile at Highland Field along with other vegetative waste and they decompose into rich earthy compost to feed to your lawn and plantings. Stop by the Recycling Center and screen some to bring home. Happy raking!

\*\*\*\*\*

Our vote for the most gorgeous fall tree is the maple at the corner of Lafayette and Harriot. Check it out!

### SEVEN IN A ROW

On Saturday, October 10, 2008, the Community Parks Project held our Annual 5K Run/Walk. As in the past six years, it was a great success. Approximately \$10,000 was raised. All of this money goes to improve our parks and recreational facilities.

Since 2001, the CPP has initiated and/ or overseen the following projects: Planning renovations of the town's 3 playgrounds, initiation and planning of the Highland Field jogging path, securing grants, providing matching funds in order to secure open space grants from the state of NJ, support of other groups seeking support for their projects, planning and purchasing of a fitness circuit to be installed around the fields at the HP School.

A special thank you is extended to Mary Dunlea, Jodi Bogen, Stella Farrell and Barbara Muscariello for all the time and energy that went into making this such a successful event.

Harrington Park winners or leaders in the various categories are as follows: Stephen Brunnquell (Race Winner) Neil Amdur, Cheryl Carley, Joseph Carley, Kristen Eckmayer, Oudou Kalla, Will Maltin, Randy McGeorge, Anthony Pinto, Cecilia Pinto, Madalyn Pinto, Theresa Riley, Susan Steele, Jamie Zavarino.

### **STATE PUBLIC QUESTION #1**

On November 4, 2008, you will have the opportunity of deciding on an important issue in the State of New Jersey. The current \$37 BILLION state debt is the result of two types of borrowing. The first is a "General Obligation Bond" so named because every property owner in the state holds the obligation. The second type is the "Revenue Bond". At this time the Revenue Bond does not require voter approval. A "yes" vote on question #1 would require that all spending related to bond issues would require voter approval. A "NO" vote would allow the present condition to continue. Please give this question very serious thought and consideration. If you have any questions please feel free to give me a call.

### **HELP WANTED**

If you have the time and willingness to help, positions are available in two areas. An hour of your time is needed each school day to serve as a crossing guard. You will be provide with the proper training and uniform.

Help is also needed with the Senior Van operations. We can work around your schedule since there are no set hours. Most trips are local and usually involve only the residents of Harrington Park and Haworth. Please call the Borough Hall if you can help.

### **SHARED SERVICES UP-DATE**

Our discussions with Norwood and Northvale regarding the purchase and sharing of DPW equipment are on-going. We are also talking about the possibility of combining our Building Departments. Northvale and Harrington Park already have the same Building Inspector.

If we are successful in our efforts, it is anticipated that a substantial amount of money (tax dollars) will be saved, while we improve the level of service for each Borough.

You may already know that Norwood and Harrington Park share the same Court Administrator. This program has been a great success for both towns. I'll keep you posted as we move forward.

### **ENVIRONMENTAL MATTERS**

It is with a deep sense of regret that I accepted the resignation of Susan DiFolco as a member of the Environmental Commission. Susan had a long and impressive record of service to the Borough of Harrington Park. She also played an important role as an alternate to the Planning Board.

As a replacement to the Board, I was pleased when the Council approved my recommendation of Mary Ann Schran to fill the unexpired term.

Mary Ann is a strong advocate of environmental issues and recently organized a clean-up of the Beechwood Park area. A group of NVOT students under the leadership of Mr. Brian Hanson-Harding did an outstanding job. The group known as SOPE (Save Our Planet Earth), was assisted by Mr. Mark Kiernan, Superintendent of HP-DPW. Thank you for a job well done.

### **THANKSGIVING 2008**

Please accept my best wishes for a happy and healthy Thanksgiving. Even in these difficult financial times, we remain truly blessed. Nothing is more important than the good health and safety of your family and friends. Hopefully those you love will be with you for Thanksgiving and share in remembering those things that are most important in our day to day existence. We will get through this trying period. We have been tested in the past in numerous ways and proved capable of meeting the challenges. The same beliefs and motivations of past generations will help us deal with the current situation.

*God bless you and your family.*

*Paul A. Hoelscher, Mayor*
